8th Cross, 4th Main, Chamarajpet,
Bengaluru 560018, Karnataka, India

Compliance Certificate

India: No.34, lst Floor, Suraj Ganga Soft Park, Ist Main Rd, 3rd Phase, J. P. Nagar, Bengaluru - 560078, Karnataka, India
USA: 3080 Olcott Street, Suite D-230 Santa Clara, CA 95054, USA
Scope: Design, Development, Implementation, and Maintenance of the OneBill Monetization & Service Delivery Platform

Independent service auditor's confirmation on the description of HIPAA compliance requirements of national provider identifier standard, transactions and code sets standard, HIPAA privacy rule., HIPAA security rule, HIPAA enforcement rule, administrative, technical, and physical controls throughout its it and facility infrastructure along with the supporting business processes and the suitability of the design and operating effectiveness of controls and this compliance certificate applies to the above-mentioned scope and location(s).

The type of tests performed were inquiry, inspection, observation, and re-performance of control on the random samples and information provided by the company, which provided us a reasonable basis for our unqualified opinion.

The controls were suitably designed and operated effectively to assure Onebill's service commitments and system requirements in accordance with the HIPAA criteria, and complementary user entity controls assumed in the design of Onebill's controls were applied and operated effectively.

Onebill's management is responsible for the design, implementation, and maintenance of controls to ensure compliance with the regulations. The auditor's responsibility is to express an opinion on the design and operational effectiveness of these controls based on an independent examination.

Due to inherent limitations, controls may not always prevent, detect, or correct errors or fraud. Additionally, any projection of control effectiveness into future period is subject to risks, such as changes in operational conditions or potential deterioration in compliance adherence.

Test of operating effectiveness of controls for the period of June 22, 2025, to June 22, 2026, valid until June 22, 2027.

Thanking you,
